MISSION

The mission of this leadership campaign is to provide solar cookers to the women of Darfur. The goal is to safeguard the women from militia who rape and murder them as the women gather firewood to cook meals for their children. Iridimi camp in Chad is home to 19,000 refugee victims of genocide in the Sudan.

GENOCIDE

Despite the signing of formal peace agreements, Darfur women are still suffering assault, rape, and murder. One donation can directly save the life of one Darfur woman.
